#2023 02 25 added another version

Awesome (in my opinion) crown i designed for my sons Birthday. Make sure to measure the needed diameter and scale to the right size. This one is 160mm inner diameter.

Recommendation after printing it a second time:

I recommend measuring head length and width and scaling it accordingly (ellipsis). Printing it circular doesn't fit good and doesn't look that good.

Unfortunately i miscalculated the needed amount of filament... so i had to paint it afterwards... damn.

PLEASE post your makes! Would love to see it in other colors
