updated 6. 10. 2024 | published 6. 10. 2024

Summary

Pumpkin and a Bat stud pieces for fall decorations on lego-like wreath

[Seasonal designs](#) > [Autumn & Halloween](#)

Tags: [lego](#) [legowreath](#)

Compatible with Lego Wreath builds:

<https://www.printables.com/model/218071-lego-wreath>

<https://www.thingiverse.com/thing:6418361>

Note: I'm not seeing the Spring/Easter version here on printables anymore, so I've added the thingiverse link

Black items: Creality CF-PLA

Orange items: eSun PETG

Dark Green items: Paramount PETG (Military Green)

Bright Green items: California Filament PETG (Grass Green)

Note: bats have one stud below them to help lift them off the wreath branches higher. Studs can be found on the original post or through [this remake with adjusted internals for ease of printing](#)
