I printed this smaller last year. Now, with my remix tweaks, I am printing it larger with the following settings:

- 0.28mm layer height, 3 walls
- Seam positioned ‘back,’ Arachne walls
- 3% gyroid infill
- Slim tree supports, 35° threshhold, on build plate only

The print is half done ... if I do another I'll probably go with 4 walls and 10% infill for a little more heft.
