Summary

Do you want a nice customized car seat phone holder? Write in the comment your name and I will upload the modified file

[Gadgets](#) > [Portable Devices](#)

Tags: [holder](#) [car](#) [phonestand](#) [phone](#) [carseat](#)
[phoneholder](#)

Write in the comment your name and I will modify the name “Marco” with something else. Please write in the comments anything you want.

Settings:

- You can print without supports everything apart from the frame. For that I have use very little supports, maybe you can print whitout supports also this, but I am not sure.
- I have used just 10% infill

Model files

sx_support.stl

dx_support.stl
