Summary

Multiple sizes for quick fidget prints and they make great keychains!

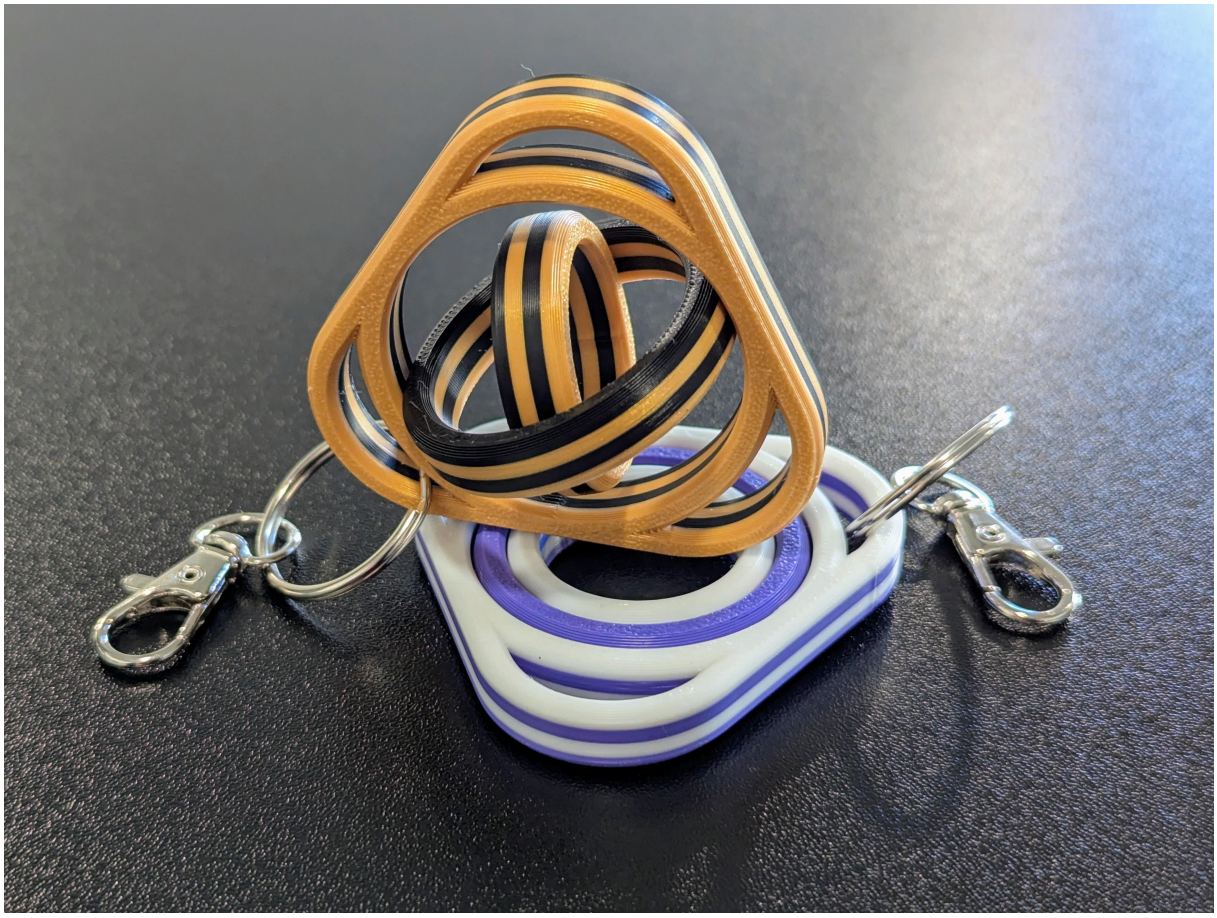
Check out some of my other fidget keychains!

Captain America Gyro Fidget



Triangle Gyro Fidget

I wanted to recreate a model that I came across by offering a few size options along with some aesthetic changes. Here are four different sizes that print quickly and are a lot of fun to fidget with. They'll make a great desk toy and they double as unique keychains!

Print with default settings and change your filament halfway through for a cool multi-color gyro fidget!

* Note: I edited the file names to reflect the number of rotating rings, not including the outer frame

These are perfect items to sell at craft fairs and online markets! Join my Printables Club, and start making with your idle printers!
