Keychain Phone Stand!

Take your phone stand wherever you go with this sleek and compact 3D-printable keychain design! Perfect for phones up to 13 mm or 18 mm thick, this stand supports both portrait and landscape orientations, making it ideal for use at school, on the train, or during lunch at work. Featuring a lightweight yet durable build and a modern honeycomb pattern, it's as stylish as it is practical. Designed for universal 3D printing, you can customize it with any material or color—PLA and PETG work great! Easily attachable to your keys with a 22-25 mm keyring, this portable phone stand is your new everyday essential.

Key Features

- **Two Size Options**: Available in models for phones up to 13 mm thick and up to 18 mm thick.
- **Dual Orientation Support**: Holds phones in both portrait and landscape orientations.
- **Compact and Lightweight**: Designed for easy portability on your keychain.
- **Modern Design**: Features a sleek honeycomb pattern for a stylish look.
- **Universal Printability**: Compatible with any 3D printing material or color; PLA and PETG are recommended.
- **Keychain-Friendly**: Attaches securely to typical 22-25 mm keyrings.

Benefits

- **Portable Convenience**: Perfect for use at school, on trains, or during work breaks.
- **Always Accessible**: Keep a phone stand handy wherever you go.
- **Customizable**: Print it in your favorite colors or materials to match your style.
- **Durable and Reliable**: Designed to securely hold your phone while remaining lightweight.
- **Cost-Effective Solution**: Print your own stand for a fraction of the price of store-bought alternatives.
