Summary

This is a two hinge remix of Patrick Harrer's Nintendo Switch Game Storage

Gadgets > Video Games

Tags: holder game nintendo nintendoswitch storagecontainer ruggedbox

An improved storage solution for Nintendo Switch games, featuring a double-hinge lid for added durability and functionality, as well as an inset Nintendo Switch logo for a customized look. Remix of and inspired by @PatrickHarrer_329217’s Nintendo Switch Game Storage model.
Printer Settings:

- 0.12 layer height
- 15% infill
- No supports
- PLA

Hardware Required:

- 4 - M3 x 35mm Bolts
- 4 - M3 Nylon Insert Lock Nuts (or M3 regular nuts but lock nuts work best)

The included 3MF file (lid with logo) has been tested on my Bambu printer, and I’d love to hear feedback from others who try it on different printers! The F3D file is included so you can roll your own lids with different lettering.

This remix is based on

Nintendo Switch Game Storage

by Patrick Harrer

rugged-box-switch-storage-bottom.stl

rugged-box-switch-storage-lid-w_logo.3mf

Tested with Bambu. YMMV with other printers.
