Summary

Functional rake with robustified design.

Hobby & Makers > Tools

Tags: prusa puzzle game lock abs pla petg tools tactical lockpicking padlock outdoors rake locking locksport entry locksmith escaperoom covertinstruments covert

Functional lock picks with robustified hook design.
1mm or 0.7 mm hook thickness

Print with 5 walls/100% infill

Use stiffer materials such as PLA, PLA-CF.

ABS or PETG are more flexible which is bad for printed lock picks.
