Summary

A quick print which saves your nerves by making it easier to hang any towel.

0.22 hrs	1 pcs	0.20 mm	0.40 mm	PLA	2 g	Prusa MK2.5S & MMU2S

Household > Bathroom

Tags: kitchen towel bathroom towelholder towelhanger

A quick and easy print to make your life a tiny bit easier.
In my experience towel loops tend to break, or they are too small or too hard to find. This hanger fits every towel, both kitchen and bath towels, and is big enough to handle every hook.

I've been using these hangers for years, you can find them on other sites, but I didn't see one here, so I added it.
