Rose Decor.
Feel free to scale it as desired. For sure you can make it **bigger**. If you choose a smaller size, the model will be more prone to damage. Don’t be tempted by a shorter printing time—**take your time** to print it properly, and you won’t have to print it twice! :)
If reducing **print time** is absolutely essential for you, you can simply increase the layer height. Just keep in mind that this will also reduce the level of detail.

Be careful when removing supports. Leafs might be fragile.

Printed with **Fuzzy Skin** effect.

Fuzzy Skin: All walls
Fuzzy Skin Point Distance: 0.4
Fuzzy Skin thickness: 0.2

Happy printing!

With more and more questions popping up about the commercial use of my models, I've set up a special page on Patreon to make it easier for you to do just that! https://patreon.com/29flo
