Eagle Decor.

It's big, it's majestic, it's **Eagle**!

Yes, it must be printed with a large amount of supports, not necessarily easy to remove.

On a scale of printing and post-processing difficulty: 6/10.

But patience and good print settings will be rewarded with a beautiful final result.

As always, remember to keep the build plate **clean**!

Printed with Fuzzy Skin effect.

Fuzzy Skin: All walls

Fuzzy Skin Point Distance: 0.3

Fuzzy Skin thickness: 0.15

Happy printing!

With more and more questions popping up about the commercial use of my models, I've set up a special page on Patreon to make it easier for you to do just that! <https://patreon.com/29flo>
