The **Hairbrush Cleaner Mini** is a **compact tool** designed to remove tangled hair from your brushes **effortlessly**. This **smaller version** of the original Hairbrush Cleaner uses **less material**, making it **lightweight and travel-friendly** – perfect for keeping your grooming essentials clean on the go! ♀

Quickly removes hair from brushes
Compact & portable – Ideal for travel or small storage spaces

Lightweight & efficient design
Easy to print with minimal material usage

Keep your hairbrush **clean and tangle-free** wherever you go!

A special thanks to JUSTWAY for sponsoring this project:

JUSTWAY specializes in CNC Machining, 3D Printing, Injection Molding, and Urethane Casting. From my firsthand experience, it offers top-notch customer support and an impressively extensive range of manufacturing options compared to many other providers in the field. Whether you're looking for precision in CNC work, the creativity enabled by 3D printing, high-quality injection molding for mass production, or the flexibility of urethane casting, JUSTWAY has you covered. I wholeheartedly recommend it for all your manufacturing needs.

Their 3D printing services offer a wide range of process options, including SLA, DLP, FDM, SLM, SLS, PJ, VC, etc. From common FDM to high-precision SLA to metal-forming SLM, whatever your needs are, you can be satisfied. They also have a wide range of materials to choose from, including metal and nylon, to meet your requirements for different materials.

The ordering process is even more simple and convenient, just upload the design file, select the parameters, and wait for delivery. New users can also use a bonus coupon for their first order, so hurry up and start your new 3D printing experience!
