A cheap but high quality Video Light stand designed (not only) for RaLeno LED Video Light.

There are three versions available:

- Metric version using a 15mm tube and an m6x35 nut and bolt,
- Metric version using a 15mm tube and an m5x35 nut and bolt, and
- Imperial version using a 1⁄2 inch tube and an m6x35 nut and bolt.

Partslist, assembly instructions (video), and more info about the design process on my blog:
