Summary

This is a 1/3 scale replica of the Serpent helmet with retractable capabilities.

[retractable](#) [serpent](#) [jaffa](#)

I proudly present to you my most complex creation yet. Retractable Serpent helmet from Stargate. It has one complex mechanism that moves the whole assembly. It is in 1/3 scale.

I highly recommend to watch the YT playlist about this project, mainly the parts 4-7 where I assemble it. I also include three pictures that should also help with the assembly.

I recommend to print all the pieces of the serpent head with only 5% infill to reduce weight.
