USB Port Cleaning Pick - Simple, Fast, and Effective

The USB Port Cleaning Pick is a quick and efficient tool designed to remove dust, lint, and debris from USB-A, USB-B, USB-C, Lightning ports, and most other device ports. With its precise, slim design, this cleaning pick allows for safe and easy cleaning without damaging delicate connectors. Whether for smartphones, laptops, gaming consoles, or other electronic devices, this lightweight and reusable tool ensures reliable performance and extended device lifespan.

Key Features:

Universal Compatibility – Works with USB-A, USB-B, USB-C, Lightning ports, and most other connectors.

Fast & Easy to Use – Designed for quick and hassle-free cleaning of dust and debris.

Safe & Precise – Slim tip reaches deep inside ports without damaging delicate pins or connectors.

Durable & Reusable – Printable in PETG, ABS, PLA+, or other strong materials for long-term use.

Compact & Portable – Small enough to carry in a pocket, laptop bag, or tool kit for on-the-go cleaning.

Support-Free Printing – Designed for easy, support-free 3D printing, making it a simple and quick print.

This modern, practical, and essential tool is a must-have for keeping your devices clean and functioning properly.
