Tags: tripodmount tripod photography tripodadapter

This is a generic removable tripod mount. This measures at 43.5mm squared. This is to replace or in addition to a stock removable mount with use of a 1/4in screw + washer.

This has been tested on a Merkury Innovations tripod.

The irony of this is after removing the original part to replicate it, I lost the original part.

Print instructions Category: Art Tools Print Settings

Printer Brand: RepRap

Printer: Prusa i3

Rafts: No

Supports: Yes

Resolution: 0.2mm

Infill: 20%

Notes:

Support needed for the center hole. Might be able to print upside down without support, though I have not tried this.
