Fuzzy Skin: All Walls

Fuzzy Skin Point Distance: 0.15

Fuzzy Skin thickness: 0.15

If you're interested in the **commercial** use of my models, check the link to my **Patreon** <https://patreon.com/29flo>

All my photos are real and show an actual 3D-printed figure photographed by me.

As always!

The key to printing my figurines is having good adhesion to the build plate.

I use CryoGrip Pro Frostbite for printing, which provides excellent grip, ensuring that every figurine prints successfully every time. I mainly use filaments from Bambu and have no issues with them either. If you have a different setup, make sure to focus on build plate adhesion, use high-quality dry filament, and everything should be fine.
