Project from <https://www.thingiverse.com/thing:3121121>

I was thrilled to find that someone had already made a wall mounting bracket for the ASUS RT-AC68U, as I thought this would fit my new ASUS RT-AC86U router! It turns out the two routers are ALMOST the same, but the antennas on the RT-AC86U are a tad thicker and don't fit in the holes on the RT-AC68U bracket. So I simply expanded the holes a bit and now it fits perfectly!
