Summary

Needed protection for my hardwood floor from this action metal leg couch

[Household](#) > [Living Room](#)

Tags: [couch](#) [legprotector](#)

My action couch is very heavy and has chrome metal legs that would chew up my floor. Since the base is curved nothing would stick so I made these.

PETG

.4 nozzle

.2 resolution

20% infill

I just used adhesive felt on the bottom of the print to insulate from the floor and the curved legs sit in the saddle
