I used 3 colors on this Prusament, Orange. Black, and White.

This should fit most standard North American single toggle switch plates.

(You will probably have to remove your current Switch Plate.)

Please make sure the switch cover will fit in your space. Some Switches are in awkward areas & this may not fit.

Dimensions:

X-132mm

Y-132mm

Z-5mm

MMU2

Supports: Yes

PETG - Change the settings in Prusaslicer if you are going use a different material.

Please let me know if you have any issues.
