### Summary

Spread the love in your home this Valentines Day with these wall mounted heart decorations!

[Art & Design](#) > [Wall-mounted](#)

Tags: [wallmount](#) [heart](#) [valentinesday](#)

In the 3MF I have included multiple sizes for you to choose from. The models have been calibrated with settings which worked for me using an MK3S and MK3S+. I designed the model so it would not require support material.

If you have issues printing these, by all means please get in touch, I am happy to assist you.

Each model has a hole mount on the back so you can hang them on a nail. Alternatively you can use command strips in the space provided.

Happy Printing :]

Love from Lee AKA Printo
