Summary

The same Pixel 6 Case model, remixed with space for 7 washers in the back so that it sticks to a magnetic phone holder.

Tags: [case](#) [pixel](#) [google](#) [cellphonecase](#) [pixel6](#)

The same Pixel 6 Case model, but with space for 7 washers in the back so that it sticks to a magnetic phone holder.

The spaces fit washers labeled “SAE 1/4 inch” that are 1/2 inch in diameter and have a 1/4 inch hole.

Setup the print to pause around 1.5mm so you can insert the washers before continuing the print.

This remix is based on
