

# Nintendo Switch Wall Shelf

[VIEW IN BROWSER](#)

updated 6. 2. 2022 | published 6. 2. 2022

## Summary

Just a simple wall mount for the switch dock. My kid kept knocking mine off of the entertainment center.

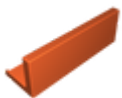

---

[Gadgets](#) > [Video Games](#)

---

Got tired of my 1yr old knocking my switch dock off of my entertainment center or grabbing for the switch while playing it. No other flat surface available. So I wanted to move it to the wall behind it, just out of reach.
