If there are any issues or you want another size, please let me know, I can scale it up or down.

I recommend printing with PLA, 0.15 - 0.2 layer height, 10% infill

on a prusa mk3s+ the print time is between 1.5 & 5 hours depending on the size

I tested all three in 50% size PRUSAMENT PETG ORANGE and everything was fine.

try other background colors :)

in this sense, happy printing and i hope it brings you closer to valentine's day :)
