Summary

Cover the hole of the filament spool holder if you use an alternative holder.

Tags: [spoolholder](#) [filamentspoolholder](#) [cover](#) [pro](#) [anycubic](#) [4max](#) [abdeckung](#) [anycubic4maxpro](#) [abdeckkappe](#) [4maxpro](#) [anycubic4maxpro2](#) [4maxpro2](#)

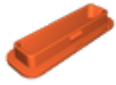

I use an alternative spool holder and wanted to cover the remaining hole of the stock spool holder.

Fits for 4max pro 2 and the original 4max pro.

Ich nutze einen alternativen Spulenhalter und wollte das Loch vom Serienhalter abdecken.

Passt für den Anycubic 4max pro2 und den originalen 4max pro.
