This print was originally designed for my RedBull cans (250ml / 8.4oz).
My cat keeps trying to tip it over. So i designed a "safe stand"
It can also be used as pen or utility holder :)
For additional stability i would suggest to add rubber feet or a rubber pad
at the bottom.

Printtime:

- prusa mini
 - PETG 0.20mm quality
 - 15% infill
- ~6hrs 50min**
