Summary

This is a replacement for the manual arm to move the shovel of the Lena excavator sandbox toy.

1.56 hrs

1 pcs

0.20 mm

0.40 mm

PET

16 g

Prusa MINI /
MINI+

[Toys & Games](#) > [Outdoor Toys](#)

The original arm broke on the connection to the shovel. This is a replacement for the manual arm to move the shovel of the Lena excavator sandbox toy. It is designed for easy printing.

Print 1x part 1, which is the main part. Print 2x part 2 which is the handle and must be attached and glued to the main part. Print 1x part 3 which needs to be pushed through the fitting hole on the main part, to connect to the shovel.

No supports needed. I recommend using a brim on part 3.
