### PRINT INSTRUCTIONS

Keep the layer height at or below 0.2 for best results

I didn't need a raft, your experience may vary.

For most of them all I did was integrate a colour change at certain layers. Others (Ex: Intersex) I used my MMU 2s. You might be able to get away with printing the individual pieces and gluing them, no promises though.

### I WILL BE UPLOADING MORE FLAGS VERY SOON

#### REMIX

I downloaded the brain from [here](#) but I didn't mark it as a remix because I couldn't find it here. I have set the license as required by the original license.

## SHAMELESS PLUGS

If you can't be bothered to print it you can use your wallet to print it for you!! Just head on over to my [Etsy](#) and buy it directly from me!

If you want to keep a closer watch to what I'm doing please follow me on my socials and maybe visit my website (under construction). Fair warning though, my socials aren't for everyone, so be warned? Ok, Love you, xxx
