## Summary

A simple remix of the LowRider2 Graphic Controller Mounting clip.

[Hobby & Makers](#) > [Tools](#)

Tags: [case](#) [clip](#) [mount](#) [controller](#) [cnc](#) [smart](#) [mpcnc](#)  
[lowrider](#) [lowridercnc](#) [lowrider2](#) [graphic](#)

This is a remix of @RyanZ's LCD clip included with the LowRider2 files to fit his [Full Graphic Smart Controller Case](#).

This version allows the clip to fit on my **TRUSS MOUNT FOR GNARLY RAMBO CASE**.

The truss mounts slot into the recesses in the clip and should be a firm fit. For extra security a drop or two of CA glue (superglue) won't hurt.

When mounted, the case can be easily unclipped for use, and is clear of all moving parts when clipped in position.

## This remix is based on

## LowRider2 CNC - Full Sheet Capable CNC Router-25.4mm
