Orien Lightning Rail from Eberron.

25mm scale. Each car is cut in half for easier printing because I don't have a 13" printer.

I couldn't find a print of a lightning rail anywhere, so I made one. Now my Eberron players will be able to ride it or rob it.

Each car is labeled as it is in Eberron: Rising from the Last War.

Prints will be available soon at [ForeverGameNight.com](https://forevergamenight.com)
