Drew up and created a 3D, multi-color, version of the classic 90s cartoon Teenage Mutant Ninja Turtles logo. Printed with Hatchbox Red, White, and Green and Prusament Galaxy Black PLA filaments.

Drawn in Affinity Designer, imported as a SVG into Fusion 360, and extruded the various layers.

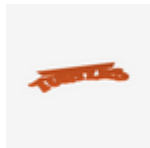

### Print instructions

Printed diagonally on the build platform (fits on MK3s without any adjustments). I printed it at 0.1 mm/layer.

Colors print in this order:

- Red
- White
- Black
- Green
