### JUDGE DREDD DRINK COASTER

I have created a drink coaster to include Jace1969 Judge Dredd police badge.

The coaster is designed to fit medium or large mugs (80mm diameters or more)

The bottom of the coaster has four slots to fit 10x10x2 mm non-slip rubber pads

### FILES

- Dredd Coaster Empty.stl - Just the coaster with the slot to glue the badge. Any badge with the same shape can be used.
- Dredd Coaster Badge Full.stl - The coaster with the badge printed in-place (not tested, as I printed mine separately)
- Dredd Resized Badge.stl - The badge resized and sliced to fit the the slot on the coaster.

## PRINT INSTRUCTIONS

There are no specific instructions for printing. However, I found that the coaster was printing better at  $\leq 20\%$  infill to avoid wrapping. The badge has been printed using a two layers raft.

## MY OWN PRINT

The print in the picture was made with Prusament PLA Galaxy Black and ironing for the topmost surfaces. The badge was printed with Prusament PLA Viva La Bronze with ironing only on some top surfaces.

## CREDITS

The badge is remixed from **Jace1969** - [LINK](#)
