Summary

A tomb for your fallen friend. Made this after I dropped my Apple Watch series 2 and it shattered.

It's not always fun to drop your apple watch and to pick it up to see it's broken. Your wallet doesn't like it either. So, instead of sending it off, you can put it in a tomb, so you can look at it, sitting there, all sad and shattered.

Works with my apple watch series 2, but your mileage may vary.
