Summary

Wall mount holder for Wera screwdrivers.

[Hobby & Makers](#) > [Tools](#)

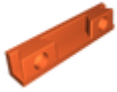

Tags: [screwdriverholder](#) [wera](#)

Wall mount screwdriver holder for Wera screwdrivers. The design has a rail mounted to the wall and individual screwdriver holders that slot into place. The holders can be arranged as desired.

The holders have embossed the type and size of the screwdriver for easy identification. Recommend painting the embossed text.

Collection only includes the screwdrivers I own. As I no longer have access to the software used to design them, I cannot add more variants at this time.
