---

This is a print of the CR-10 drag chain provided in the source link. As I have a bullseye on my CR-10S I used the mount from <https://www.thingiverse.com/thing:3155668> for one end of the chain. At the other I modified pgraaff's design making the z mount end flatter and glued it to the top of my spindle cover.

### Print Settings

#### Printer Brand:

Creality

#### Printer:

CR-10S

#### Rafts:

No
