shape modern 3 metric house drain outdoor
plants doll indoor nice sun inch in three tall
room vine family hole nature miniature drainage
for living flow short with potting geo

Pot for plants with a vague triangulated design around the sides. Base stl prints about 3-4" pot (Largest example shown) with pretty thick edges on the final product. Haven't quite perfected my print settings yet

If you or someone you know needs a custom design, for any type of 3D object, send me a message!
