## Summary

Gradient Table Lamp

[Hobby & Makers](#) > [Electronics](#)

Tags: [table](#) [hue](#) [wled](#) [signe](#)

I created a gradient table lamp.

The lamp uses a aluminium profile and a diffusor. A SK6812 LED strip is glued in the profile and connected to a WLED controller.

Used parts:

Aluminium profile - <https://www.amazon.de/gp/product/B07PSN77DY>

LED strip - <https://www.amazon.de/gp/product/B01N49DSC1>

WLED controller - [https://github.com/Hasenpups/WLED\\_All-in-one\\_Controller](https://github.com/Hasenpups/WLED_All-in-one_Controller)

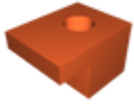

Power supply - <https://www.amazon.de/gp/product/B07S8VZCVR>
