updated 9. 2. 2022 | published 9. 2. 2022

### Summary

Custom Piece based on Jabbas Palace, outfitted with a LED Strip in the background.

[Art & Design](#) > [Sculptures](#)

Tags: [starwars](#) [bobafett](#) [fett](#) [thebatman](#) [bobba](#)  
[bookofbobafett](#)

Space for LEDs is 14mm.

Helmet is Printed with Resin. Might not print with FDM Printers due to the thin visor.

I'm Including the fusion360 file so edits can be made freely. (It's a bit of a mess, the project was a one off)
