---

There are a couple of lipo balance plug savers already on Thingiverse, but I couldn't find any for 2S batteries. So I've designed my own customizable version.

### Print Settings

#### Printer:

Fabrikator Mini

#### Rafts:

No

#### Supports:

No

#### Resolution:

0.2mm

**Infill:**

100%

**Notes:**

I've printed 4 at a time to give the layers more time to cool down. You may need to slightly adjust the gap size in the OpenSCAD file to match your printer.

Category: R/C Vehicles
