Xmas Star Ornament is a member of the 2019 Holiday Collection. At the bottom of this summary, you'll find a list of all the members of the collection.

Xmas Star Ornament prints great in one color. There's a hole at the top point for threading a string through for hanging. Choosing Holiday colors is always right. Something light and bright would be fun.

To make the ornament more interesting, try printing with thicker walls, no top and different types and amounts of infill. You can get some great effects with slicers if you experiment.

The samples shown were printed with in Silky Red, Silky Gold and Silky Green PLA filaments.
