## Summary

Pen or small workshop tools organizer.

[Household](#) > [Office](#)

Tags: [penholder](#) [toolorganizer](#) [penorganizer](#)

Useful pen organizer. Models comes with only the 3 pockets predefined. Internal separators are defined by the slicer infill ratio, type and orientation of the model. Different slicer may give various results.

Recommend printing with 1mm bottom shell and no top surface (to expose the infill structure). For hex infill, around 5-7% gives good results.

## Model files

**pen\_organizer.stl**

☐ Don't forget to disable top surface and set infill low.
