These snuggling hearts are a cute valentine gift. You can use them as vase, pen holder or desk organiser. Scale them to the size you need. This is a remix of the original single colour file by **Greenmagenta** so that I was able to print it in multicolour. (One colour for each of the twisting heart parts.

3mf file so that it can keep the multicolour painting.

You'll need to be using PrusaSlicer 2.4 or newer so that it recognises the painting of the file.
