Skådis wall mount for Weicon No. 5 wire strippers. Fits the end of the wire strippers and holds it securely enough. Print with supports for the Skådis mounts, unless you want to try orienting it in a way where they aren't needed. It's a tight fit, might need to file down the mounting legs, but once it's installed it's not coming loose by accident. Uses legs made by Rkimmell73.
