## Summary

Lantern for everyday use

[Household](#) > [Other House Equipment](#)

Tags: [lantern](#) [latern](#)

Lantern for indoor/outdoor use. Prefer battery operated candles.

## Printing

Print all pieces as single items except arcs (you'll need 26 of those). Total printing time in my case approx. 11 hours (all items). No supports needed.

## Assembly

Start fitting arcs into bottom part. No glue needed at this point, bottom-holder piece will fix arcs into bottom. Depending on the quality of your prints you might need to drop a little glue for arcs and top-cup piece.
