Tags: [dehydrator](#) [filamentdryer](#)

This is a sleeve mount for an STC-3018 temperature controller for attachment to the tray stack on a round dehydrator. Use of such a controller may provide more stable temperature management while drying filament or regenerating dessicant.

A template is included for marking drill points for mounting. Stand-offs provide airspace between the mount and the tray wall.

A slotted opening on the bottom is for routing wire.
