This practical door catch is a perfect solution for easily securing cabinets, doors, or other moving parts of furniture. The design is optimized for easy 3D printing without supports and at the same time offers a sturdy structure. Installation is simple-just screw the catch to the desired location. Thanks to the use of durable material, it is suitable for everyday use in the home, workshop or garage.

Features:

- Simple and functional design
- Mountable with screws
- Compatible with most standard doors and cabinets
- No supports required for printing
