The Flash Bin! was for one of our kids, he does not have a drawer in his desk, this helps get rid of the mess and is customized to his liking with one of his heroes "The Flash".

There are four versions of the model:

- V1 the first one has on the photo. 256.55mm wide.
- V2 same has V1 with added screw holes on top.
- V3 smaller version, printable on a 214x214 bed in diagonal.
- V4 even smaller version, printable directly on a 214x214 bed.

V2, 3 and 4 have the logo emboss instead of deboss in V1; it should make it easier to paint.

I have used 3 inches screws to secure it to the wall.

I am open to requests; please ask, I'll do my best...
