

## Limit stop for loppers - spare part suitable for Gardena

H3dSprint

[VIEW IN BROWSER](#)

updated 22. 12. 2022 | published 22. 12. 2022

## Summary

The original limit stop was broken, so I designed and printed a spare part.

Tags: [gardena](#) [shears](#) [limb](#) [astschere](#) [loppers](#)

To assemble the limit stop use following fixing elements:

- cylinder screw M3x20 | quantity: 2
- hexagon nut M3 | quantity: 2
