[succulentplant](#) [succulentpot](#) [succulentvase](#) [succulentplanter](#)

I printed [luc.e design](#) in vase mode and with holes to have drainage.

Because of that, I need plates to put on the bottom.

Created a similar shape plate to match the pot.

## Models

- Football plate

Note: I've designed one plate for the football because that was the model I had printed, let me know if you need any other model.
