A spiral textured ring with multiple sizing options available! The rings come in sizes between 15-21mm in diameter, so that you can print the one that fits you the best :)

The rings in the pictures were printed with Prusament Galaxy Black, Addnorth E-PLA Marble and 3DJake ecoPLA Gold filaments.

Hope you enjoy the model & happy printing!

Edit 12.2.2022: Added wider version of the rings, because I felt like the model looked and fit better with the wider ring (4mm → 8mm). I renamed the 4mm versions of the rings as “slim”.
